A number of bills we supported were held under submission (dead for this legislative session):

AB 240 (Rodriguez) - Local health department workforce assessment - elements included in the budget

SB 523 (Leyva) - Health care coverage: contraceptives.

The one bill we opposed - **AB 815 (Rivas) school nurse: credentialing** was voted off suspense but with amendments (review the bill folder for the amended bill)

A few of the bills we supported are now 2-year bills, which means they can be reinstated in Jan 2022

Starting Monday, Aug 30th through Sept 10th - only floor sessions in both houses will occur

The 2021 legislative session will end Friday, Sept 10th, and the Governor has until Sunday, October 10th to sign or veto bills
